

## *“Best birthday party ever!”*

*We, a family of 10 and a 7 month old baby, spend a whole afternoon with the Cuca family. We started at the bar and tried all of their wacko cocktails... they are innovative, unique (try their take on a bloody mary or sungria!) and super delicious.*

*Chef Kevin and 'boss' Virginia came to discuss the choice of the menu for the group as several were 'fussy' eaters. So nice and such a great alternatives were provided. After a desert to die for- we had a lovely surprise: great coffee with a Cuca- made digestif: sublime!! Next time in Bali we'll definitely be back!! Thanks staff @ Cuca for the best birthday party ever!!*

## *“Excellent service. The food was a massive surprise”*

*We made a reservation for 17 people to celebrate our daughters 21st birthday dinner. Our evening was faultless.*

*Excellent service. The food was a massive surprise to our guests who had never experienced anything like it. Our favourites were the BBQ octopus (green sauce yum) and the pork buns. Loved the dessert Bali Breakfast. The round solid ice blocks on the drinks very impressive!*

*Thank you to the chef who came to our table personally and had a chat. At the end of the evening my daughter was offered to wear the chef coat and all of our guests were welcomed into the kitchen for a group photo. Kids loved the garden.*

*I recommend this place for a special dining celebration. Pricey but worth it. Extra thank you to the waitress who entertained all our children at end of table to keep them entertained whilst allowing us adults time to enjoy ourselves without us having to constantly worry about them.*
